Why Join UFF?

- The Florida Education Association (FEA) and the United Faculty of Florida (UFF) are dedicated to protecting public education from kindergarten through graduate school, and building better, more effective learning environments for students.
- The United Faculty of Florida is proud to be your statewide faculty and graduate employee union. UFF represents more than 28,000 faculty and graduate assistants at 12 public universities, one private university, 11 public colleges, four K-12 research schools and the graduate assistants at four public universities.
- With a challenging political climate and stretched budgets, your membership means more than ever. Speaking alone, any one of us would be easy for politicians and administrators to ignore. But we have **strength in numbers**: when we speak together as a statewide organization, our voices are heard.

What's In It For You?

- **CLOUT.** We are Florida's strongest voice for quality higher education, and we're fighting every day to make sure you get the respect and benefits you deserve. Your working conditions are students' learning conditions.
- **WE'VE GOT YOUR BACK.** As an at-large member you do not have a collective bargaining contract but our mission is to protect your workplace rights and make sure you receive fair treatment on the job.
- **ADVOCACY AND EMPOWERMENT.** Through UFF Senate meetings; local, state and national trainings; and communications, you are connected to other academic professionals and faculty across the state and nation who are dealing with the same issues as you.
- **COST-SAVING MEMBER BENEFITS.** Through the FEA/Access member benefit program and the buying power of our two national affiliates, the National Education Association (NEA) and the American Federation of Teachers (AFT), it's possible to offset the cost of membership just with these member discounts.
- **YOU TALK, WE LISTEN.** This is your union. UFF exists for our members. We respond to your needs. UFF is a grassroots organization run by and for members.
